PRIOR ENROLMENT IS ESSENTIAL

Failure to enrol prior to the opening of a particular course, may mean the cancellation of that course. Prior enrolment is the only way the Department of Extra-Mural Studies has of judging the response to its courses. Your cooperation is therefore invited in sending your application forms to the Department as soon as possible.

Archaeology

Staff Tutor in charge: Jon A. Prescott, B.Arch M.C.D., (Liv.), A R I B A., A M.T.P.I.;
Telephone No. 458161 *Ext* 308 or 226613

AN INTRODUCTION TO ARCHAEOLOGY Dr. S.M. Bard, M.B., B.S. (H.K.), Hong Kong Archaeological Society *Wednesdays, 5 30 p.m. to 6 30 p.m. starting October 2, 1968* Extra Mural Town Centre. 12 meetings plus 2 museum visits and 2 site visits. Enrolment is limited to 30 persons. *Fee:* \$50

14

The museum visits will be arranged during the course at times to be announced, the other visits will take place on Sundays in November to sites in Lamma and Lantau Islands. The cost of the course does not include expenses in connection with field visits

Instruction will deal with the fossil record of early man and the general field of prehistory, archaeological techniques and questions of chronology in relation to tools and pottery. Special reference will be made to the prehistory of China and to sites in Hong Kong. An introductory study of method and techniques in archaeology will precede the site visits. The talks will be illustrated by exhibits which can be handled by the students and many slides.

CERAMICS IN THE CITY HALL MUSEUM James Watt, B.A. (Oxon.) Asst Curator Art Gallery & Museum. *Monday August 26 to Wednesday August 28, 1968 6 00 to 7.00 p.m. nightly* City Hall. *Fee:* \$10 for three lectures, \$5 for persons attending single lectures only.

15

The Display of Antiquities currently arranged in the City Hall gives a good opportunity to review the Earthenware and porcelain of China with particular emphasis on the earlier periods. Mr Watt will give three talks to provide a background for discussion of the pieces on display and will augment his talk with additional pieces from the storeroom of the Museum

- 1 Monday, 26th August, 1968 Earthenware of the Han Period
- 2 Tuesday, 27th August, 1968 Earthenware and Stoneware of the Tang & Sung Periods.
- 3 Wednesday, 28th August, 1968 The 14th Century to the Present — porcelains of the Yuan Ming and Ching

Architecture and Building Science

Staff Tutor in charge Jon A Prescott, B Arch., M C D (Liv.), A R.I.B.A.; A.M.T.P.I.,
Telephone No 458161 Ext 308 or 226613

These courses are of two types. Group A is aimed at professional persons, building developers and others involved in the building operation. The courses are either in the nature of mid-career instruction of the refresher type, or provide an opportunity for professionals to discuss relevant and new issues.

Group B is related to the appreciation and understanding of Architecture as a Fine Art and is intended mainly for interested laymen, though professionals may well find them of value.

A Building Science, Practice and Management

"The Building and its Services" and "Structures and Techniques" continue the series of courses begun last year. Each is complete in itself.

16 THE BUILDING AND ITS SERVICES — FIRE CONTROL Commencing in January 1969. *Fee: \$45*

The ten lectures will discuss requirements of local and other codes of practice and will explain the technical basis of equipment available for control and prevention of fire.

17 STRUCTURES AND TECHNIQUES — SLIPFORM 14th to 15th November, 1968. The Extra-Mural Town Centre and visits.

A two day short course consisting of a series of lectures on the theory and practice of the slip-form technique, using Hong Kong examples as illustrative material. Lectures will be followed by a seminar discussion and visits. Full particulars will be published nearer to the proposed date.

THE NEW FORM OF BUILDING CONTRACT Mr. Peter Sanderson, F.R.I.C.S., F.I.S. (F.M.), F.I.Arb., Resident Partner of Messrs Langdon & Every. *Mondays, 5.30 p.m. to 7.00 p.m., starting September 30, 1968* The City Hall, Committee Room North, 8th Floor. Opening lecture plus 10 meetings, once weekly. *Fee: \$5 (for initial meeting), \$50 (all meetings)*

18

The work of the Joint Co-ordinating Committee for the drafting of a Standard Form of Building Contract for Hong Kong has now been completed and the new standard form is available for use by Architects in their dealings with Developers and Contractors. The Committee was composed of representatives nominated by the Hong Kong Society of Architects, the Society of Builders (Hong Kong) and the Hong Kong & China Branch of the Royal Institute of Chartered Surveyors.

This new form differs in many ways from the R.I.B.A. Standard Form of 1963 which has been used as the basis of the new document. The talks by Mr Sanderson will be presented in two parts:

- (a) The opening lecture will cover only the fundamental difference between the two contracts and no further detailed explanation will be given.
- (b) The subsequent ten lectures will deal clause by clause with the ramifications of the entire document.

THE BUILDING INDUSTRY — AN ANALYSIS Mr. M.G. Munday, Dip. Arch., A.R.I.B.A., Lecturer in Building Technology, Department of Architecture, University of Hong Kong. *Mondays, 5.45 p.m. to 6.45 p.m., starting September 30, 1968.* Extra-Mural Town Centre. 10 meetings. *Fee: \$45*

19

Few durable consumer products are as unique, as expensive, as complex, as large, as permanent and as influential as buildings. Few are designed and made by such a diverse group of people, in such a wide range of materials and techniques, for so many differing needs.

These products are the Building Industry's very reason for being, and this short but provocative illustrated review aims to show that, as an organisation designed to produce them, and so meet a very important social and economic need, it has no grounds for complacency. Yesterday's criteria for success will be shown as being inappropriate for tomorrow and reappraisal, re-organisation and rethinking by all concerned in the building process is essential.

This course is strongly recommended as an introduction to the Symposium on Building Industry Documentation, (see Course No 21) and adequate attendance will entitle the participant to at least observer membership.

POTENTIALITY OF THE COMPUTER FOR THE BUILDING INDUSTRY *Wednesday, December 18th, 1968.* Extra-Mural Town Centre and Computer Centre. One whole day. *Fee: \$40*

20

Many members of the Building Team are at a loss when discussing the potentiality of the Computer. (as distinct from the programming thereof). Applications are therefore invited from members of the various professions involved in the Building Industry for a one day study session to be held on Wednesday the 18th December, 1968, when a series of talks and demonstrations will be given. Applications should be made before Monday the 25th November, 1968 so that final arrangements can be completed.

This study session should also be of interest to persons wishing to participate in the Symposium on Technical Documentation.

SYMPOSIUM ON TECHNICAL DOCUMENTATION FOR THE BUILDING INDUSTRY IN HONG KONG Organisers Jon A. Prescott, B.Arch., M.C.D., A R I B A , A M T P I , Department of Extra-Mural Studies, University of Hongkong. M G Munday, Dip Arch , A R I B A , Lecturer in Building Technology, Department of Architecture, University of Hong Kong Extra-Mural Town Centre. Spring, 1969.

Between now and the end of the century, the Building Industry faces an enormous increase in demand for its products. It is known that it will be necessary to at least double the present stock of buildings within this period, if only to meet the growth in population, let alone achieve improvements in standards. The Industry is also aware that, to meet these needs and challenges in a world of increasingly rapid social, economic and technical change and advance, it must be properly organised and equipped. That it has cause for concern in this respect is evidenced by the extensive self-analytical studies it has felt necessary to initiate in recent years in many countries. In all cases a recognition of their inter-dependence by contractor, architect, supplier, engineer, surveyor, manufacturer, planner and government agency alike is seen as a pre requisite to the re-organisation needed to achieve such improvements.

Inter-dependent relationships require an organisation based on a sound network of communications, and it is the formal technical aspect of this, plus the documentation that goes with it, that is the subject of particularly close attention and spectacular change in the Industry today. Developments in documentation automation, standardisation and coding and their effects on the building process are of special significance.

This Symposium, which continues the series on vital aspects of Hong Kong industries, is linked to research studies which are already under way in the University of Hong Kong. It aims to bring together local and overseas experts in this field both to review developments in other parts of the world and to discuss their inevitable relevance to the current and future working of the Building Industry in Hong Kong.

Participation in the Symposium will be by invitation, and details will be published in due course. In the meantime persons interested in it, or in the research studies mentioned, are requested to contact the organisers for further particulars.

CERTIFICATE COURSE IN HOUSING MANAGEMENT

Due to factors outside our control, the Certificate course will not commence, as had been hoped in October 1968, but will now begin in 1969.

The course will be in two parts, Intermediate and Final and will involve instruction on at least two evenings per week plus a half day release requirement with employers. A Certificate will be awarded for the Final Examination only.

The Syllabus will have the approval of leading Managers of Real Estate, The Hong Kong Branch of the Institute of Housing Managers and several Government Departments.

Full details are available by writing to the Director of Extra Mural Studies.

THE CHINESE ARCHITECTURAL TRADITION Mr. C.H. Wong, M.C.D. (Liv.), B. Arch. (Sun Yat Sen), Senior Lecturer in the Department of Architecture, University of Hong Kong. *Wednesdays, 3.00 p.m. to 4.00 p.m. starting October 2, 1968.* Extra-Mural Town Centre. 10 meetings. *Fee: \$40*

22

The Tutor will touch upon theories and beliefs affecting architectural forms from Han to Ching Dynasties, and will discuss not only the development of buildings and their details but also the larger issues of layout and building relationships in town design. The lectures will be copiously illustrated.

BACKGROUND TO JAPAN — THE ARTS AND ARCHITECTURE Lectures and Study Tour.

23

Japan will become the Mecca of tourists in 1970 when the "Expo" is scheduled to be held in Osaka. Since the best of today's Architecture and Industrial Design to be found in Japan is of world significance this will be of great importance to persons having design interests.

It is proposed in 1970 to conduct a Study Tour of Japan which will allow for a series of visits to "Expo" but will also take into account the wider traditions and culture of the country as a whole.

This preliminary announcement is made now since the question of booking will obviously be of great importance. We shall invite applications for places simultaneously with a course of background lectures covering physical and geographical structure, basic religion and philosophy, traditional design, the growth of the modern movement in Architecture and its relationship to world developments and the Japanese problems and solutions in City and Regional Planning. The courses will begin in the Spring Term of 1969 and continue throughout the year in preparation for the tour which will be held in March/April 1970 coincident with the Easter vacation.

The number of enrolments for the Study Tour will be limited to 20 persons, priority being given to those attending the pre-study tour lectures and in order of booking. Prices will be held as low as practical and accommodation arranged in traditional Japanese Inns wherever possible.

A VISION OF GREECE Philosophy, Classics — Mr. George Mahood, M.A. (London), Architecture — Mr. Jon Prescott, B.Arch., M.C.D., A.R.I.B.A., A.M.T.P.I. Greek Art — Miss Marcia Vale B.A. (Brit. Col.), M.A. (Kent). *Wednesday, 8.15-9.30 p.m., starting October 16, 1968.* Extra-Mural Town Centre. 10 meetings. *Fee: \$35*

63

Much of the character and tradition of ancient Greece is mirrored in her plastic art and architecture: vases and statues celebrate the gods and heroes of myth, or sometimes the Greek love of athletics or again that popular and essential ingredient of Athenian life — the drinking-party or symposium; great buildings (such as the Parthenon) commemorate past legends and present glory

The three lecturers will collaborate in each session, Mr. Prescott and Miss Vale providing illustrations of architecture and plastic art and Mr. Mahood commenting on these as keys to Greek life and society from the feudal aristocracy of Ulysses' time to the democratic era enshrined in the Athens of Pericles, Socrates and Plato. It is hoped that a special showing of a film based on the Greek heritage can be arranged to add interest to the series.

Art and Design

Staff Tutor in Charge: Jon A Prescott, B Arch (Liv); M.C.D., A.R.I.B.A., A.M.P.T.I
Telephone No 458161 *Ext.* 308 or 226613

Instruction in Art and Design is planned primarily for the needs of the bona fide student who wishes to follow the three year programme leading to a Certificate in Fine Art, Advertising Design or Interior Design on a part-time basis. These courses provide for the essential skills and knowledge required of an artist or designer, together with a basic training in the professional aspects of the students chosen specialty.

Many courses are open to other than certificate students particularly in the Pre-Certificate Term I and day time courses are provided for those wishing to pursue art studies for personal pleasure or discovery.

Owing to limitations of space in the studios of the Town Centre and in the interests of good teaching the numbers accepted for courses primarily planned for certificate students will be restricted to the numbers mentioned with each course and priority will be given to certificate students over those wishing to attend only single courses.

For persons having a non-professional interest the series of lectures entitled "Grammar of Visual Form" would however provide a theoretical nucleus from which an attitude to design can grow and a sound grasp of the principles there expounded coupled with a knowledge gained from pre-certificate foundation courses in Form, Colour, Draughting and Theory would be of immeasurable value whatever practical classes are chosen in, for example, painting, ceramics, drawing or design.

Entry Requirements

Hong Kong School Certificate or equivalent with a good working knowledge of the English language. Appropriate experience or ability will be taken into consideration. This includes satisfactory participation in a relevant Extra-Mural art course with at least 75% attendance.

Satisfactory completion of the studio work and courses included in the Pre-Certificate training will be necessary and final acceptance will depend upon interview and approval of the Advisory Panel.

Course Syllabuses and Examinations

Each complete Certificate Course covers three years. A year consists of two unequal length terms, the first of 12 weeks and the second of 15 weeks, making a total of 27 weeks in all. In courses which are predominately studio orientated, the work produced during the terms plus any vacation period tasks will be assessed as a whole at the end of each year by the Examining Board, consisting of the Advisory Panel and Course Tutors as relevant. It is particularly important at this portfolio examination that *all* work should be shown, in as far as progress can only be judged by comparison of good and bad and early and later exercises. Certain other subjects will be examined by written papers. At the moment these are:

- Year 1 History of Art I
Grammar of Visual Form A & B
Perspective and Sciagraphy
Lighting and Room Acoustics (Interior Design)
- Year 2 History of Art II (Interior Design & Fine Art)
Grammar of Visual Form C & D
Printing Technology (Advertising Design)
Construction & Materials I (Interior Design)
Development of Furnishing (Interior Design)
- Year 3 History of Art III (Fine Art)
Advertising Organisation & Professional Practice (Advertising Design)
Construction & Materials II (Interior Design)
Professional Practice (Interior Design)

Detail requirements for written examinations will be made known as the course proceeds and adjustments in the syllabus and requirements may be made from time to time at the discretion of the Director of Studies and the Board.

SCHEMATIC PATTERN OF COURSES FOR PRE-CERTIFICATE AND CERTIFICATE STUDY IN ART AND DESIGN

The actual courses to be taken in the current term are prescribed in detail on page 16 and particulars relating to each individual course are given in the following pages alongside other Art and Design courses available.

The areas described above do not necessarily imply courses with a similar name will be directly correlated, and the syllabus will be modified from time to time as the Panel and Director feel is necessary. The above may be taken as an indication of the range of work which will need to be covered. Some courses will be provided in different order to the schematic layout.

PRE-CERTIFICATE TRAINING

All students wishing to enter upon the certificate courses will now be asked to undergo pre-certificate training. The prescribed courses are as follows:

Introduction to Aesthetics	(24)	Henry Steiner M.F.A.
Relationships of Form & Colour	(25)	Tao Ho, B.A., B.Arch.
Basic Vision & Experimental Drawing	(26)	Wucius C.K. Wong, M.F.A.
Drawing Board Techniques	(27)	Ruth A. Addison, Dipl. Arch., A.R.I.B.A.
Free Drawing & Painting	(28)	Paul Selinger, M.F.A.

After completion of this initial term the student will select one out of the three present streams of Fine Art, Advertising Design or Interior Design, and will take the lecture series and studio sessions which have been grouped so as to provide a scheme of systematic study leading, over three years, to the Certificate in Art and Design. The choice of streams may well be eventually enlarged by adding other subject areas as this becomes possible.

Materials and Equipment

All students will be required to have a portfolio (size 35" x 25" min.) for storage of studio work during the term. This is particularly important as *all* work is required for the examination at the end of each year. Facilities are provided adjacent to the studios for storing these on the premises to save constant transportation of a bulky item. In addition students will be required to purchase:

- A double elephant size T square
- A double elephant drawing board (for home use)
- 45° and 60° set squares
- Drawing scales, instruments and pens (a basic minimum only)
- Brushes, poster paint, water colours, pencils, etc. as required
- Drawing paper of various types

Advice will be given on equipment needed prior to the commencement of each course and students should wait until they have been so briefed before they purchase, to avoid buying needlessly complex or expensive equipment not required by the tutors or lecturers.

A retail shop is open on the premises for the convenience of students at times suited to the lectures and studio periods, so that purchases can be made during the time of instruction as required. Prices are very competitive with other shops in town.

Fees

The prescribed Pre-certificate Courses will be available as a group for the reduced overall fee of \$300

- The Course fee for terms of 12 weeks will be \$200
- The Course fee for terms of 15 weeks will be \$250

Fees are to be paid in advance. Registration will be accepted for a **WHOLE YEAR** only. *Examination fees are extra.*

Pre-Certificate and Foundation Courses

- 24** **INTRODUCTION TO AESTHETICS** Mr. Henry Steiner, M.F.A. (Yale). *Thursdays, 6.00 p.m. to 7.00 p.m. starting 3rd October, 1968.* Extra-Mural Town Centre. 12 meetings. *Fee: \$50.*

Aesthetics is usually considered to be the study of beauty in art, but as standards of beauty have altered through history, it might more broadly be defined as the study of the rules that make art 'Art'. Accepting the idea that there are laws of perception, as well as ideals of proportion, contrast and harmony — which even the most apparently 'formless' and 'meaningless' modern art acknowledges by rebelling against them — this course seeks to examine these underlying rules as they apply to the visual arts. Through lectures, slides and discussion this course will attempt to awaken those with little previous background or training to the rational basis of art and equip them with a set of standards to use in judging for themselves the merits of works of 'pure' or applied visual art.

- 25** **RELATIONSHIPS OF FORM AND COLOUR** Mr. Tao Ho, B.A. (Williams), B. Arch. (Harvard). *Mondays, 6.00 p.m. to 7.30 p.m., starting 30th September, 1968.* Extra-Mural Town Centre. 12 meetings. *Fee: \$75*

The two parts of this course will consider two dimensional formal relationships basic to any understanding of visual pattern making, Composition, and also theories of colour and systems of organisation (Oswald and Munsell) which help to explain basic phenomena such as contrast, harmony, discord, transparency, etc.

Instruction will be given in the form of a series of exercises which will be used as a starting point for discussion each week, but this is basically a lecture series having no studio work during the period of instruction.

- 26** **BASIC VISION AND EXPERIMENTAL DRAWING** Mr. Wucius C.K. Wong, M.F.A. (Maryland). *A. Wednesdays, 5.45 p.m. to 7.45 p.m. starting 2nd October, 1968. B. Fridays, 5.45 p.m. to 7.45 p.m. starting 4th October, 1968.* Extra-Mural Town Centre. 12 meetings, once weekly. *Limit of enrolment for any one class 25 students.* *Fee: \$75*

A systematic exploration of differing ways of "seeing" an object will be made and alternative ways of presenting the intellectual appreciation of the "forms" will be discussed. A series of exercises will allow students to appreciate the problems of each concept of presentation and these exercises will form the basis of discussion as part of the week's work.

A model will be used on alternate evenings for which there will be a small extra charge. This course is intended equally for beginners as well as searching artists interested in intense observation of the objective world.

- 27** **DRAWING BOARD TECHNIQUE I** Mrs. Ruth A. Addison, Dipl. Arch. (U.C.L.), A.R.I.B.A. *A. Wednesdays, 8.00 p.m. to 10.00 p.m., starting 2nd October, 1968. B. Thursdays, 8.00 p.m. to 10.00 p.m., starting 3rd October, 1968.* Extra-Mural Town Centre. 12 meetings, once weekly. *Limit of enrolment for any one class 25 students.* *Fee: \$75*

Students will be initiated into the use of general drafting equipment and by means of various graduated exercises will learn the process of draughting for various projections — orthographic, isometric and axonometric and basic methods of setting up different perspectives and sciagraphy. Emphasis will be given to general lettering, layout and presentation of drawings.

FREE DRAWING AND PAINTING Mr. Paul Sellinger, M.F.A. (San Francisco Art Institute). A. *Mondays, 8.00 p.m. to 10.00 starting 30th September, 1968.* B *Fridays, 8.00 p.m. to 10.00 p.m., starting 4th October, 1968.* Extra-Mural Town Centre. 12 meetings, once weekly. *Limit of enrolment for any one class 25 students.* *Fee: \$75*

28

Various media will be systematically explored to give students the opportunity of personal experiment in using them. The use of objects and a model will be alternated with imaginative and abstract concepts as a basis for the exercises. The aim of the course is to 'free' the student of any preconceived approach and to allow him to understand the contribution of his personality and the media itself in the creation of visual representations.

LIFE DRAWING & ANATOMY I Mr. Michael F. Griffith, A.T.D.

40

A course of 15 two hourly periods. A beginner's class. Special attention will be given to basic anatomy and techniques of drawing. Commencing in January 1969.

GRAMMAR OF VISUAL FORM Mr. Jon A. Prescott, B.Arch., M.C.D., A.R.I.B.A., A.M.T.P.I. Mr. Kowk Chiu Leung, N.T.D.

39

Parts A and B will be given during the Spring Term 1969 and Parts C and D will be given in the 1969-70 sessions.

The aim of a Grammar of Visual Form is to provide a training in visual understanding. The Course which consists of four sections, is based on the studies of Kurt Rowland, whose work for the Council of Industrial Design in England has resulted in a textbook on visual education. Parts C and D show how the "grammar" formulated in Parts A and B may be applied.

Certain sessions will conclude with the setting of a small practical exercise which will be discussed briefly at the following meeting.

Part A, Year 1, Pattern and Shape

In the visual world everything can be reduced to patterns and shapes. A study of their nature and functions enables us to look at our surroundings with deeper insight. Patterns are effected by the materials used and are deeply influenced by the social, economic and cultural backgrounds of the pattern makers.

Part C, Year 2, The Shapes We Need

There are two strands in all design—the rational, scientific and analytical aspect and the intuitive, inspired, human influence. The man-made world is a synthesis of these two and the balance will vary. Discussion will centre on how these elements are combined, how they influence results and what principles are involved.

Part B, Year 1, Development of Shape

Form is the outcome of forces acting on material—when the material and the forces change, the forms they create must also change. Consideration will be given to Form based on technology, the effect of traditional and modern materials on form, natural development and function, and to the relationship between shape, materials, processes and function.

Part D, Year 2, the Shape of Towns

The town is the most complicated and ambitious man-made set of shapes and its study brings out the importance of the variety and a vast scale of design problems. Town design is an art form, though we look at it chiefly as a means of solving the problems of organised urban living. However, as in all design, the intuitive element is still required in order to restore those qualities of delight which are an essential element of our well being.

Practice

- 37** **DRAWING BOARD TECHNIQUE II** Mrs. Ruth A. Addison, Dipl. Arch. (U.C.L.) A.R.I.B.A. *Thursdays, 5.45 p.m. to 7.45 p.m., starting 3rd October, 1968.* Extra-Mural Town Centre. 12 meetings. *Limit of enrolment 25 students.*
fee: \$90

The graphic presentation of ideas is an essential basic requirement in all design work, of key importance in communicating the intention of the designer to his lay client. These studio periods will by way of a series of exercises introduce a variety of methods of presentation for the schemes undertaken. Emphasis will be given to the effective presentation of plans, sectional elevations as well as to the most important descriptive method the perspective.

The course will build on the knowledge which is the subject of Drawing Board Technique I (Course No 27) and non-certificate students wishing to do so could enrol for both courses.

-
- 29** **LIFE DRAWING AND ANATOMY IIA** Mr. Michael Griffith, A.T.D. *Tuesdays, 8.00 p.m. to 10.00 p.m., starting 1st October, 1968.* Extra-Mural Town Centre. 12 meetings.. Continuing in term 4 (Spring 1969) for a further 15 periods. *Enrolment is limited to 25 students, A model will be used for which there will be additional charge of approximately \$25. Fee: \$70 (12 periods), \$90 (15 periods), \$150 (27 periods).*

The discipline of drawing from life has long been recognised as the finest training in the correlation of hand and eye for any artist or designer. Stress will be laid on the underlying structural framework of the human form through a knowledge of basic anatomy. The use of different media will be encouraged.

This course is aimed at students who have had some previous experience. There will be a Life Drawing & Anatomy I course commencing in January 1969 for beginners.

-
- 31** **COLOUR PRACTICE** Mr. Tao Ho, B.A. (Williams), B.Arch. (Harvard). *Thursdays, 8.00 p.m. to 10.00 p.m., starting 3rd October, 1968.* Extra-Mural Town Centre. 6 meetings. *Fee \$45*

An understanding of theories of colour and systems of organisation (Oswald, Munsell and others) followed by critical discussion and study work in basic phenomena such as contrast, harmony, discord, modulation, transparency and spatial effect.

The studio exercises which will be a part of each instructional exercise will be facilitated by the use of special colour coded papers, which are available in the Department shop.

-
- 32** **PAINTING STUDIO IIA** Mr. Y.T. Kwong, M.Sc. (Kansas). *Mondays, 5.45 p.m. to 7.45 p.m., starting 30th September, 1968.* Extra-Mural Town Centre. 12 meetings. Continuing in Term 4 (Spring 1969) for a further 15 periods. *Fee: \$70 (12 periods), \$90 (15 periods), \$150 (27 periods).*

An intermediate level class for continued painting experience in various media. The aim is to allow individual students to develop at their own pace under expert guidance. Non-certificate students who have taken Part I Painting or who have a little experience already will be welcome.

PAINTING INQUIRY — A CONTINUING SEMINAR AND STUDIO Mr. Hon Chi Fun and Guest Tutors. *Tuesdays, 5.45 p.m. to 7.45 p.m., starting 1st October, 1968.* Extra-Mural Town Centre. 12 meetings. Continuing in Term 4 (Spring 1969) for a further 15 periods. *Fee: \$70 (12 periods), \$90 (15 periods), \$150 (27 periods).*

33

This continuing seminar will consist of organised discussion combined with studio practice, the whole emphasis being on the discussion of expression of ideas, methods of work and approach to conceptually creative thinking.

Under the general direction of Mr. Hon Chi Fun various well known Hong Kong Artists will participate from time to time.

There will be a limited enrolment of 15 students who should be either registered certificate students or have considerable painting experience to their credit.

INTRODUCTION TO THREE DIMENSIONAL DESIGN Mr. Paul Selinger, M.F.A. (San Francisco Art Institute)

45

A course of 15 studio/workshop sessions introducing students to three dimensional considerations of design, modelling and sculpture. Commencing in January 1969.

Please cut along this line

PAINTING AND DRAWING CLASSES IN VARIOUS MEDIA

55

Persons who are interested in joining a beginners class in painting, using oil, acrylic or watercolour media or in handprint making, monotype, block printing and so on are asked to write to the Tutor in Charge giving the details asked for below, and an attempt will be made to build up a class of 15 to 20 members for the Autumn term of 12 weeks in any one or two subjects.

Previous experience has shown that a large number of people would like to attend certain classes but that it is quite impossible for them to attend at the time announced and many classes of this type have been cancelled through lack of support. The fee for a 12 week course of two hours per session would be \$70 exclusive of materials, which must be provided by the student.

VOCATIONAL: Advertising Design

Training the Advertising Designer is usually associated with vocational entry into industry, advertising organisations or freelance work. The primary problem is one of visual communication and the values associated with "pure art" need to be correlated with an appreciation of business acumen, of client requirements and market response. A broad background of liberal studies and Fine Art is of importance.

STUDIO

The special lectures in the subject will be followed in all years by Studio periods. Such practical sessions under guidance form an important part of teaching bringing together all aspects of the work.

42 ADVERTISING STUDIO I Mr. Patrick. W. Printer. N.D.D. (Graphic Design)

A vocational class consisting of 15 two hourly studio sessions as an introduction to the work of an advertising studio. The work will consist of practical exercises but the outline organisation of an agency will be discussed in formulating the problems involved. Commencing in January 1969.

34 ADVERTISING STUDIO IIA Julian A. Losinski, M.S.I.A., N.D.D., Dip. A.D. & A.D. Mondays, 8.00 p.m. to 10.00 p.m., starting 30th September, 1968. Extra-Mural Town Centre. 12 meetings. Continuing in term 4 (Spring 1969) for a further 15 periods. Fee: \$100 (12 periods), \$140 (15 periods), \$220 (27 periods).

Studio facilities provide the core of the Advertising Design students work bringing together all aspects from printing technology to abstract formal considerations. As, however, advertising relies very greatly on "ideas" as well as Graphic Design it is important to appreciate what ideas mean, why they are good, how they sell, how to get and exploit them. Within the framework of a series of carefully conceived exercises the student will apply ideas, in terms of layout, copy and photographic application for both advertisement and packaging designs.

PRINTING TECHNOLOGY IIA Mr R K Cheng B A (Econ) St Johns Tech Cert in Printing C & G London *Mondays, 6 00 p m to 7 00 p m, starting 30th September, 1968* Extra-Mural Town Centre and Government Printing Works 12 meetings The course will continue into Term 4 (Spring 1969) for a further 15 periods and will be completed in Terms 5 and 6. *Fee \$70 (12 periods), \$95 (15 periods) \$150 (27 periods)*

35

Many of these lectures will take place on the workshop floor so that students can become familiar with the practical problems of printing technology They will provide a study in some depth of the features of printer's type, his type case, type setting and justification, point systems and classification, preparation of copy, casting off of copy, page layout, composition, paper and paper calculation, lino types and monotypes etc The study will be closely coordinated with studio exercises provided in Course 34

DRAWING TECHNIQUES- MIXED MEDIA & USE OF PHOTOGRAPHY
Mr Albert Hill I A Dip

46

An introduction in 15 sessions to the usefulness of photography as an aid in advertising This will be considered in conjunction with presentation in various media Commencing in January 1969

VOCATIONAL: Interior Design

"The profession of interior design has had a long struggle to free itself from the image of the interior decorator There is a growing appreciation that transference of the interior designer from the atmosphere of the boutique to the architectural design studio is not enough and that there is a need to establish far more scientific basis for interior decisions "

Like all creative work, interior design depends on an understanding of the principles and disciplines which can be scientifically outlined but it depends on something more—an intuitive element without which the results can be sterile

The special courses to be provided over three years will introduce a scientific attitude to design and although the lecture series will be independent they will be correlated to form a whole

STUDIO

Studio periods will form an essential part of the Interior Design courses when exercises will be discussed In the studio all aspects of the work coalesce and for this reason such work forms perhaps the most important part of the instruction and the subsequent portfolio examination

INTERIOR DESIGN STUDIO Mrs Ruth A Addison Dip Arch (UCL), A R I B A
Commencing in January 1969

43

A course of 15 two hourly studio sessions consisting of graded exercises in simple interior design with emphasis on space and colour Students should have taken Course 27 as a prerequisite

-
- 36** **INTERIOR STUDIO II** A Mr Tao Ho B.A. (Williams), B.Arch. (Harvard). *Wednesdays, 5.45 p.m. to 7.45 p.m., starting 2nd October, 1968.* Extra-Mural Town Centre 12 Meetings Continuing in Term 4 (Spring 1969) for a further 15 periods *Fee \$100 (12 periods), \$140 (15 periods), \$220 (27 periods)*

A series of graded exercises throughout the year will be set in co-ordination with studies in various lecture courses and organised so as to develop the student's ability to present a carefully worked out scheme for differing types of interior. Part of the work this year will be to develop technical drawings in association with the lectures on the nature of materials and detailing and these will be worked out in conjunction with certain schemes of the student's own design.

-
- 38** **THE NATURE OF MATERIALS AND DETAILING** Mr. Chung`Wah Nan, Dip Arch (UCL), A.R.I.B.A. *Wednesdays, 8.00 p.m. to 10.00 p.m. starting 2 October 1968.* Extra-Mural Town Centre 12 meetings. Continuing term 4 (Spring 1969) for a further 15 periods *Fee \$90 (12 periods), \$140 (15 periods), \$220 (27 periods)*

In all design work an understanding of the nature of materials is fundamental. The essential characteristics of materials predominantly used in interior work will be discussed and problems of achieving satisfactory jointings and junctions, the structural implications of using different materials and the effects to be achieved by different methods of detailing, will be co-ordinated with various research projects of collation of data together with exercises so arranged to reveal the problems and solutions involved. Application of this data will be made in the studio technical drawings.

-
- 48** **DEVELOPMENT OF FURNISHING** Mr. David W. Crowe, Dip. Arch. (Liv.), A.R.I.B.A. Commencing in January 1969.

A consideration in 15 sessions of the historical development of furniture and the associated interior furnishing to give a basic understanding of principle styles.

History and Appreciation

- 41** **HISTORY OF ART I** Mr. Cesar A. Guillen-Nunes, B.A. (Hons.) Courtauld Institute of Art. London University.

A course of 15 lectures and seminars following an Introduction to the study of History of Art with particular concentration on the roots of the modern movement. Parallel consideration will be given to developments in painting, sculpture and architecture. Commencing in January 1969.

HISTORY OF ART IIA Mr. Cesar A. Guillen-Nunes, B.A. (Hons.) Courtauld Institute of Art, London University. *Fridays, lecture 6 00 p m to 7 00 p m., tutorial 7.00 p.m. to 8.00 p.m., starting October 4th 1968.* Extra-Mural Town Centre. 12 meetings, once weekly, *one hour of lecturing, and on alternate weeks one hour of tutorial, i.e. the tutorial will be by groups of half of the total enrolment on alternate meetings* Continuing in Term 4 (Spring 1969) for a further 15 periods *Fee: \$70 (12 periods), \$90 (15 periods), \$150 (27 periods).*

30

The lectures in this course and in History of Art IIB (commencing in January 1969) will be devoted to parallel developments in painting, architecture and sculpture in the twentieth century.

Tutorial sessions will be used to encourage detailed consideration of certain aspects and student participation.

TRADITIONAL CHINESE PAINTING THEORY AND TECHNIQUES I 49
Professor C.Y. Wang, M.A. *Tuesdays, 3.00 to 5.00 p m starting 2nd October, 1968.* Extra-Mural Town Centre. 20 meeting. *Enrolment limited to 20 students.* *Fee: \$120*

Students will provide their own materials which will be discussed at the first meeting.

This will very largely be a practical class with considerable individual instruction following an explanation of the choice of the basic materials and techniques. The handling of brushes and the use of inks will be discussed and demonstrated and fundamental brush work and composition based on traditional principles explained.

Although instruction will be in English, a limited understanding of the Chinese language will be an advantage in order to appreciate explanations of certain technical phraseology.

TRADITIONAL CHINESE PAINTING THEORY AND TECHNIQUES II 50
Professor C.Y. Wang, M.A. *Fridays, 3.00 p.m. to 5.00 p.m., starting 4th October, 1968.* Extra-Mural Town Centre. 20 meetings. *Enrolment limited to 20 students.* *Fee: \$120*

Students will provide their own materials which will be discussed at the first meeting

Instruction in this class will build on the principles and practice laid down in the introductory course. Explanation will be given of certain principles and literary ideas developed by painters during various historical periods, and greater stress will be laid on overall composition than was possible in Part I. The class will be essentially a practical one with considerable individual instruction.

51 CERAMICS I Mrs. M. Mellor. *Tuesdays, 10.00 a.m. to 12 noon starting October 1, 1968.* 2 University Path, Hong Kong. 12 meetings. *Enrolment is limited to 10-12 students. Fee: \$110 plus \$40 fee (for materials and firing*)*

**Any student whose material and firing fee is exceeded will be asked to pay for any additional clay at 60c per 100 grms.*

Students will be taught various methods of building pottery by hand and of decorating and glazing the ware they produce. Discussion of the materials and processes involved, the quality and texture of the clay unfired and fired will precede practical experiment with clay as a plastic material using traditional hand forming techniques, stretching, joining, slabbing and coiling

52 CERAMICS II Mrs. M. Mellor. *Wednesday, 10.00 a.m. to 12 noon, starting 2nd October, 1968* 2 University Path, Hong Kong. 12 meetings.
*Fee. \$120 plus \$40 fixed for materials and firing**

**Any student whose material and firing fee is exceeded will be asked to pay for any additional clay at 60c per 100 grms.*

Enrolment will be restricted to persons having some previous experience or who have attended the beginners' class. Further development of hand forming techniques will be undertaken together with an analysis of glazes and techniques of decoration. Limited wheel work will be undertaken.

53 IKEBANA I A STUDY OF BASIC PHILOSOPHY AND PRACTICAL APPLICATION Mrs. Margery Fong, Professor 3rd Degree Sogetsu School, Japan Studies of Chiko School, Ikebana, Japan Studies of Koryu School, Ikebana. *Thursdays, 10.00 a.m. to 12 noon, starting 3rd October, 1968.* Extra-Mural Town Centre. 10 meetings. *Enrolment will be limited to a maximum of 14 students. Fee: \$150*

A preliminary course introducing new students to the basic concepts of Ikebana. The basic study will cover the eight standard variations of the Sogetsu School and will be a prerequisite for subsequent participation in further courses.

Provision of Nageire and Moribana containers, kensen and other equipment will be arranged by the Tutor and an allowance of about \$50 should cover this. Provision of materials for practical exercises will cost about \$3 or \$4 per session.

54 IKEBANA III A FURTHER STUDY OF PRACTICAL APPLICATION Mrs. Margery Fong, Professor 3rd Degree Sogetsu School, Japan. Studies of Chiko School, Ikebana, Japan Studies of Koryu School, Ikebana *Fridays, 10.00 a.m. to 12 noon, starting 4th October, 1968.* Meeting place to be announced. 10 meetings. *Enrolment will be limited to a maximum of 14 students. Fee: \$150*

Ikebana III is only open to students who have completed Parts I and II to the satisfaction of the Tutor or have the award of the 1st and 2nd beginners certificate of the Sogetsu School Japan.

PATTERN DESIGN Mrs. F. Wong, Cert. Textile Design, Boras, Sweden. Cert. Stockholm Tillskatar Academi, Stockholm. *Wednesdays, 3.00 p.m. to 5.00 p.m. Starting 2 October 1968.* Extra-Mural Town Centre. 20, meetings
Fee: \$150

56

General principles of pattern design, in particular for printed fabrics, but also in other relevant media, will be given. Studio work will be accompanied by critiques and discussion. Emphasis will be placed in the later stages, on the theory of colour combinations. The course will be of general interest but in particular will interest the freelance designer.

Students will be given information as to the materials required at the first meeting.

PAINTING I Mr. Peter Lam. *Saturdays, 9.30 a.m. to 11.30 a.m., starting 5th October, 1968.* (The studio will be available for private working to 1.00 a.m.). Extra-Mural Town Centre. 24 meetings. *Enrolment is limited to 25 students.*
Fee: \$140

57

An introductory course for persons having no previous experience. The Tutor will introduce various subjects, techniques and media and will discuss practical colour mixing, palette organisation, materials, texture and treatment of surface and will analyse historical and present day examples of relevance to the techniques introduced.

Students will be given information as to the materials required at the first meeting.

WATERCOLOUR PAINTING Commencing in Spring 1969. Mrs. Rosamund Brown will continue her classes in watercolour painting which began in 1967-8.

Economics Commerce Management

Staff Tutor in Charge: J.W. England (Nottm.) Telephone No. 458161 Ext 309

The courses in this section are aimed at all levels of industry, commerce and the public service. They are designed for two types of student:

- (a) Those who wish to prepare for professional examinations;
- (b) Those who wish to acquire skills and knowledge appropriate to their present responsibilities and future development.

Some courses are more advanced than others and require prior participation in basic courses for admission. In particular, students are advised not to enter for courses geared to examination requirements unless they already have a basic knowledge of the subject and fully intend to take the examination.

There will be other courses arranged during the year at the request of professional societies and industrial firms for which details cannot now be given. Suggestions or proposals for courses are welcome. The Department is always willing to consider arranging special courses for members of a particular firm or organisation or for a group of such bodies.

The increasing use of computers in Hong Kong industry and commerce means that management must understand how they can be used to solve problems. In this practical course members will be required to submit a business problem for analysis, and will be shown how to programme the problem for the computer. Discussions will then be held on the results obtained from the computer.

The course is intended for those who have taken an introductory course on FORTRAN programming, who are experienced in industry or commerce, and who are interested in the practical use of computers for solving business problems. Seven 1-hour lectures and then ten 2-hour working seminars.

EXPORT DOCUMENTATION AND PROCEDURES Various Tutors will lecture. *Fridays, 5.45-6.45 p.m. starting September 27, 1968.* Extra-Mural Town Centre. 20 meetings. *Fee: \$70*

99

More than any other economy Hong Kong lives by its exports. To help businessmen with the many problems which arise in exporting, the Extra-Mural Department has brought together a team of lecturers from Government and commerce who will provide guidance on legal and technical difficulties. Special topics include: effects of tariffs and controls, documentation, insurance, transportation, finance, and overseas markets selection.

Hospital Administration

AN INTRODUCTION TO HOSPITAL ADMINISTRATION Mr. A.E. Starling, F.H.A., F.C.C.S., F.R.S.H., Senior Hospital Secretary. *Wednesdays, 6-7 p.m., starting Oct. 16, 1968.* Extra Mural Town Centre. 20 meetings, *Fee: \$65*

100

This course is designed for those who are connected with or who have some interest in Hospital Administration. It will, so far as is possible, follow the syllabus laid down for the Diploma of the Institute of Hospital Administrators and will cover the evolution of the modern general hospital; the basic principles of the National Health Service in the United Kingdom: hospital organisation; internal administration and the relationship of hospital departments one with another.

PRACTICAL ASPECTS OF HOSPITAL ADMINISTRATION Mr. A.E. Starling, F.H.A., F.C.C.S., F.R.S.H., Senior Hospital Secretary. *Wednesdays, 7.10-8.10 p.m., starting Oct. 16, 1968.* Extra Mural Town Centre. 20 meetings. *Fee: \$70*

101

Applicants for this course should indicate that they have completed the Introductory Course or hold senior posts in Hospital administrations. It is intended to study the practical aspects of hospital administration and students must be equipped to join in discussions on all aspects of hospital organisation, including supplies, development, financial administration, statistics, the staffing organisation of hospitals and the functions and duties of the principal officers. Students will be expected to prepare an essay on some aspect of the subject for discussion and analysis by other members of the class.

Chartered Institute of Secretaries - C.I.S.

The Department, by special agreement with the Chartered Institute of Secretaries, London, acts as local examiner for the four subjects in their Intermediate Examination, namely, Economic Theory, Accountancy, General Principles of English Law and English. This "Intermediate Sessional Examination" will be held in May each year. Successful candidates will then be recognised by the Chartered Institute of Secretaries, London, as having satisfied their Intermediate Examination requirements. However only registered students of the Chartered Institute of Secretaries who have enrolled for and attended 75% of each of the above four courses, organised by the Department of Extra-Mural Studies, are eligible to sit for it. The purpose of this agreement is to enable the course syllabuses and the examination papers to be more closely related to local conditions; the questions are set and examination papers are marked by the tutors who lecture on the subjects. Both the examination questions and the papers are sent to the Institute for moderation and approval of results.

PRIOR ENROLMENT IS ESSENTIAL

Failure to enrol prior to the opening of a particular course, may mean the cancellation of that course. Prior enrolment is the only way the Department of Extra-Mural Studies has of judging the response to its courses. Your cooperation is therefore invited in sending your application forms to the Department as soon as possible.

B. English as a Second Language

A sound working mastery of the fundamentals of English is one of the greatest needs in Hong Kong life. To meet this, the Department, building on its experience of a wide variety of English teaching over recent years, has introduced a carefully integrated and intensive scheme. This programme — "Use of English" I and II — is designed to develop and improve skills in written and oral English for people such as clerks, secretaries, junior executives, post-secondary students, teachers and others whose work, e.g. in commerce, industry, government and teaching, requires a thorough command of basic English.

As with all Extra-Mural courses these are not intended for students in Secondary Schools.

The courses are examinable and those successfully completing Part II will qualify for a certificate in Advanced Use of English.

Details of entry requirements are given with the course particulars below. This is essentially a 2 year scheme with Part I leading by examination results to Part II. However, applicants wishing to enter Part II immediately can do so provided they satisfy the entry requirements (See "Use of English" II).

USE OF ENGLISH I

Classes will be held both in Hong Kong and Kowloon as follows:

- 109 HONG KONG:** A panel of University Graduates in English. *Tuesdays and Thursdays, 6-7.30 p.m., starting October 1, 1968.* University Main Building. 48 meetings, twice weekly. *Composite Fee:* (Tuition and Examination) \$215.

The aim of this course is to increase the Student's ability to handle the English language commencing with intensive oral work designed to eradicate faults in spoken English. This will be followed by drills of a remedial nature providing sound practice in the effective use of the language.

Entry Requirements:

Hong Kong English School Certificate or Hong Kong Chinese School Certificate pass in English. These should be of recent date. Preference will be given to those with a credit. Candidates are requested to enclose a photostat copy of the appropriate certificate along with their application form. Students will be allocated to classes according to qualifications to ensure the best teaching situation. There may be minor re-allocation after the first meeting with class tutors.

Parallel courses will be offered in Hong Kong and Kowloon and students should indicate their preference for location. This will be met if at all possible.

The number of classes offered is at the discretion of the Department, but every effort will be made to accommodate all those eligible.

Details of Syllabus:

A careful balance will be kept between spoken and written English, including essential revision of grammar and vocabulary-building. Use will be made of a wide range of selected reading material relevant to Hong Kong to develop powers of comprehension. More formal English practice will include precis, report and simple creative writing.

KOWLOON: A panel of University Graduates in English *Tuesdays and Thursdays, 6-7.30 p.m., starting October 1, 1968.* Wah Yan College Waterloo Rd., Kowloon. 48, meetings, twice weekly. *Composite Fee* (Tuition and Examination) \$215.

110

The course is examinable and intended to lead on to 'Use of English II'

USE OF ENGLISH II

Classes will be held both in Hong Kong and Kowloon as follows

111

HONG KONG: A panel of University Graduates in English *Mondays and Wednesdays, 6-7.30 p.m., starting October 2, 1968.* University Main Building. 48, meetings, twice weekly. *Composite Fee:* (Tuition and Examination) \$215

Entry Requirements:

Pass in terminal examination of "Use of English" I, Matriculation or recent G.C.E. O-Level English. There will also be selection by interview

Details of Syllabus:

The aim of the course is to improve the student's grasp of idiomatic English through exercises in advanced comprehension and interpretation. It will involve wide and careful reading, including books and cyclostyled material, of varied styles and content matter. This will develop the student's ability to read deeply and critically. Comprehension will be of two types: the writing of a precis after intensive study of a passage and the answering of brief questions after rapid reading of a prose passage on a general topic as training in quick assessment of essential points. The material used will include articles from newspapers or periodicals on social, political and economic themes. Essay work will involve writing explanations and reports on the basis of information supplied, the purpose of this being to expand the student's ability to write clearly and logically in a given set of circumstances familiar to him.

On completing the course students may sit the examination leading to the Certificate in Advanced Use of English.

KOWLOON: A panel of University Graduates in English *Mondays and Wednesdays, 6-7.30 p.m., starting October 2, 1968.* Wah Yan College, Waterloo Rd., Kowloon. 48, twice weekly. *Composite Fee:* (Tuition and Examination) \$215

112

-
- 114 PRACTICAL THEATRE** Miss Christa Bergmann, B.A. (Berkeley, California).
Wednesdays, 8.15-9.45 p.m., starting October 9, 1968. University Main Building,
H.K.U. 10 meetings. *Enrolment will be limited to 20.* *Fee: \$50*

A course designed to be of practical use to all concerned with the production of plays, especially teachers responsible for school productions. Special attention will be paid to the various skills of acting, directing and staging a play. The class will work on scenes or short plays, following the various phases through from casting to curtain-calls. An additional session will be devoted to stage-setting, design and lighting.

-
- 115 SHORT STORY WORKSHOP** Miss M. Williams, B.A. (Wellesley College).
Tuesday, 7.30-9.00 p.m., starting October 8, 1968. Wah Yan College,
Kowloon. 10 meetings. *Fee: \$40*

The short story workshop is designed as a study of the art and craft of writing short stories. Each class period will be divided between a discussion of the work of a few major short story writers (e.g. De Maupassant, Chekhov, Hemingway, Joyce) and the writing and evaluation of short exercises, with the members of the workshop exchanging criticism among themselves. Work outside class will involve writing two short stories as well as five brief sketches during the term, and reading one short story each week.

-
- 116 READING AND DISCUSSION** Mr. John E. Clements, B.A. (Melbourne).
Tuesdays, 8-9.30 p.m., starting October 22, 1968. Extra-Mural Town Centre.
8 meetings. *Enrolment limited to 25 persons.* *Fee: \$30*

A further course principally for those in commerce and industry at middle management level designed to improve their fluency in English by reading and discussion of mainly "non-literary" material. A variety of styles of English writing will be presented by means of cyclostyled sheets — newspaper editorials, magazine articles and essays. These will cover a range of everyday, thought-provoking topics such as advertising, family-planning, social welfare. In addition to discussing these themes, students will be encouraged to write their considered opinions on particular issues. Thus a balance will be kept between oral discussion and written expression.

D English Studies for Commercial Use

- 117 ENGLISH FOR HIGHER COMMERCIAL STUDIES** To be announced.

Music

THE NATURE OF MUSIC Mr. P.E. Robinson, M.A. (Toronto) *Thursdays, 6-7.30 p.m., starting October 3, 1968.* Meeting place to be announced 12 meetings
Fee: \$40

160

This is a course designed for those with some experience in music who wish to increase their understanding. The lecturer will try to develop an awareness of the various levels of meaning in music by examining with the class, a wide variety of music from Gregorian Chant through Bach and Beethoven to Britten and Stockhausen.

Each session will consist of a lecture on one piece of music (e.g. Bartok's Music for Strings, Percussion and Celesta — 3rd movement) illustrated with recordings and piano and a discussion.

It is felt that those who have some training in music (ability to play an instrument and read a score would be an advantage) would benefit most from this course. To enable each student to participate more fully, registration will be limited.

- 162** **LAW AND MORALITY** Mr G H Mahood, M A (London), Fr. Peter Brady, S.J., M A. (Melb), Phil. L., S T L *Tuesdays, 8 15-9 15 p m, starting October 15 1968* Extra-Mural Town Centre 10 mee'ings *Fee \$30*

The conflict between the private sector of human conduct and the public has grown acutely with modern governments expanding their control over the individual's behaviour. How far should governments go in legislating for my life or yours and in what areas of living should they operate? To what extent are organised groups within society (e.g. churches, trade unions) entitled to oppose government action? Among topics to be analysed and discussed are freedom of speech and of demonstration, censorship, the divorce laws, racial legislation.

-
- 163** **SENTENTIAL LOGIC** Mr Law Yip-wang, M A (Hawaii & UCLA) *Fridays, 7-8 p m, starting October 4, 1968* Extra-Mural Town Centre 12 meetings *Fee \$30*

Taking the natural-deduction approach to an elementary portion of symbolic logic, i.e. sentential logic, the course aims at imparting a skill in proof construction techniques in translating informal arguments into logical symbolism, and thereby evaluating the correctness of those arguments. Topics to be discussed will include (1) symbolizing ordinary language, (2) construction and application of truth tables, (3) theorems in logic and methods of proving them, and (4) the use of punch cards in logical reasoning. Open to all beginners.

-
- 164** **THE NATURE OF POLITICAL DISAGREEMENT: LIBERAL DEMOCRACY AND COMMUNISM** Mr P E Robinson, M A (Toronto), Lecturer, Dept. of Philosophy & Psychology, University of Hong Kong *Thursdays, 8-9 p.m., starting October 10, 1968.* Committee Room North 7/F City Hall 10 meetings. *Fee \$35*

The background and theoretical content of opposing political ideologies in the modern world are worth looking at. It is not sufficiently realised that liberal democracy and communism have, despite the claims of propagandists, common areas of agreement. Clear thinking, rather than violence, could resolve many disputes.

Before dealing with contemporary political ideas Mr Robinson will deal briefly with the origins of liberal-democracy and of communism. Special attention will be given to the political thought of the under-developed countries, particularly on the question how far they can resist the existing ideologies by developing their own political ideas.

-
- 165** **ATHENIAN DAYS & NIGHTS** Mr. G H. Mahood, M A (London). *Thursdays, 11-12 a.m., starting October 24, 1968.* Extra-Mural Town Centre 6 meetings *Fee \$15*

The sub-title of these six talks centred on Athens in the 5th century B.C. could be "Socrates and his Circle", for this untiring talker and inquirer focuses the spirit of a city described by one of his contemporaries as "the School of Greece". In Socrates' encounters and conversations, beautifully recorded by his disciple Plato, we gain glimpses of perhaps the most creative place and period ever in Europe - the emergence of democracy, the fusion of classical myth with the new science in the plays of Euripides and Aristophanes, the birth of philosophy. Ever conscious of the spirit of place — he rarely left Athens — Socrates lived under the shadow of the Parthenon, Pericles' lasting monument to the heroic past and the glorious present. Socrates' career embodies the best of both.

Mr. W.N. Cheung, B.Sc. (Eng) (HK), M.Sc. (Eng) (London), Assistant Lecturer, Department of Electrical Engineering, University of Hong Kong

A course designed for graduates in Electrical Engineering or Physics who wish to enter the field of Digital Computers.

Outline syllabus:

- | | |
|--|-----------------------------------|
| 1. Introduction to Digital Computer System | 7. Computer Circuits |
| 2. Machine language Programming | 8. Counters and Shift Registers |
| 3. Number Systems | 9. Computer Timing and Control |
| 4. Codes | 10. Computer Arithmetic Operation |
| 5. Boolean Algebra | 11. Computer Memory |
| 6. Computer Logic Gates | 12. Input and Output Equipment |

Only applicants with a Bachelor's degree, or equivalent, in Physics or Electrical Engineering will be considered for admission.

Certificate Course in Television

CERTIFICATED COURSE ON TELEVISION ENGINEERING *Fridays, 6.30-8.30 p.m., starting September 27, 1968.* Lecture Room & Laboratory of Department of Electrical Engineering, H.K.U. 50 lecture periods plus 12 laboratory instruction periods. Each period will be of 2 hours duration. *Enrolment limited to 40 persons.* *Fee: \$350*

Tutors:

Mr. C.F. Ho, D.C.T. (Batt.), M.Sc. (Man), C Eng, M.I.E.R.E., Mem. I.E.E.E., Lecturer, Dept. of Electrical Engineering (Tutor-in-Charge).

Mr. J.T. Shih, B.Sc. (Eng) (Chen Kung), Mem. I.E.E.E., Project Engineer, TV Dept Sylvania (Far East) Ltd

Mr. W.N. Cheung, B.Sc. (Eng) (HK), M.Sc. (London), Asst Lecturer, Dept of Electrical Engineering, University of Hong Kong

Outline of Syllabus

- | | |
|--|----------------------------------|
| 1. Introduction to TV receiving system | 8. Picture tube circuits |
| 2. Tuner & R.F. Stages | 9. A.F. signal stages |
| 3. Video IF amplifiers | 10. Power Supplies |
| 4. Video detector | 11. Antenna & Transmission Lines |
| 5. Automatic gain control system | 12. Measurements and alignments |
| 6. Synchronization Separation | 13. Manufacturing techniques |
| 7. Vertical & horizontal Deflection circuits | |

This course is intended for graduates in Electrical Engineering or equivalent who wish to acquire a practical knowledge in television receiver design. Applications with a background knowledge of transistor operating principles will be given preference.

Certificate Course in Electronics

- 10** **CERTIFICATE COURSE IN APPLIED TRANSISTOR ELECTONICS** *Thursdays, 6.30-8.30 p.m., starting September 26, 1968.* Lecture Rooms & Laboratory of the Dept. of Electrical Engineering, H.K.U. 30 lecture periods plus 6 laboratory instruction periods. Each period will be of 2 hours duration.
Fee: \$200

Tutors:

Mr. C.F. Ho, B.C.T. (Batt), M.Sc. (Man), C. Eng., M.I.E.R.E., Mem.I.E.E.E., Lecturer, Dept of Electrical Engineering (Tutor-in-Charge)
Dr. J.T.H. Chang, B.S. (Col), Ph.D. (Cal) Lecturer, Dept of Physics
Mr. W.N. Cheung, B.Sc. (Eng) (H.K.), M.Sc. (Lond), Asst Lecturer, Dept of Electrical Engineering, University of Hong Kong
Mr W.K. Chan, B.Sc. (H.K.), Asst Lecturer, Dept of Electrical Engineering, University of Hong Kong.

Outline of Syllabus

1. General Network Theorems
 - a) Network Theorems and Analysis
 - b) Introduction to Matrix Algebra
2. Introduction to Semiconductor Physics
3. Circuit Models of Transistors
4. Transistor Biasing Techniques
5. Low Frequency Amplifier Analysis and Design
6. High Frequency Amplifier Analysis and Design
7. Feedback Oscillator Circuits
8. AM/FM Radio Receivers
9. High Input impedance Circuits
10. Regulated Power Supply
11. Switching Circuits
12. Electronic Counter

This course is designed for graduates or practising engineers in the electronics industry to familiarize them with the necessary basic and practical tools in Applied Transistor Electronics and will be offered on an annual basis.

-
- 13** **BASIC ELECTRONICS** *Tuesdays, 7-9.15 p.m., starting September 24, 1968.* Department of Electrical Engineering, H.K.U. 25 lecture periods plus 5 laboratory instruction periods. Each period will be of 2 hours duration. *Enrolment limited to 60 persons.* *Fee: \$180*

Tutors:

Mr. C.F. Ho, D.C.T. (Batt.), M.Sc. (Man.), C.Eng., M.I.E.R.E., Mem.I.E.E.E., Lecturer Dept. of Electrical Engineering. (Tutor-in-Charge).
Mr. W.N. Cheung, B.Sc. (Eng.) (HK), M.Sc. (Lond.), Asst. Lecturer, Dept. of Electrical Engineering, University of Hong Kong.
Mr. W.K. Chan, B.Sc., M. Sc. (HK). Asst. Lecturer, Dept. of Electrical Engineering.
Mr. R.Y.P. Ma, B.Sc. (Eng.) (Lond.), M.S. (B.M.E.E.) (Penn.), M.I.E.R.E., Mem.I.E.E.E. Electronic Engineer, Dept. of Electrical Engineering, University of Hong Kong.

The course will deal with the fundamentals of electricity; A.C. circuit analysis; valves, principles of electronic voltmeters, oscilloscopes and transducers; elementary digital measurement.

Applicants are expected to have A-level Physics or Mathematics, or equivalent, and a good knowledge of English.

Health Sciences

ASPECTS OF OCCUPATIONAL HEALTH Dr. J.W.B. Palmer. *Fridays, 5.45-6.45 p.m., starting December 6, 1968.* Extra-Mural Town Centre. 8 meetings. *Fee. \$30*

Urban & Regional Planning

Staff Tutor: Jon A. Prescott, B. Arch. (Liv.); M.C.D.; A.R.I.B.A.; A.M.T.P.I.
Telephone No. 458161 Ext. 308 or 226613

Certain courses in this section will be of use to candidates for the examinations of the Town Planning Institute (London) as well as for others who are interested, including those whose professional work is in related fields.

Arrangements exist at the moment for those who wish to sit, in Hong Kong, for the examinations of the Town Planning Institute (London). Enquiry should be made to the Secretary of the Institute in London at least twelve months prior to the examination. (Full details are available from the Hon. Secretary of the Hong Kong Branch of the Town Planning Institute, P.O. Box 15299, Hong Kong.) *The present examination arrangements stand until 1970 only.*

The courses in Hong Kong Planning, Practice and Studio represent a co-ordinated series of lectures and studio sessions which will be directly applicable to our own situation and have been worked out for the guidance and training of junior Assistant Planning Officers and others who are either involved in the governmental planning organisation or who wish to increase their understanding of the planning process in Hong Kong. It is intended that this linked arrangement of lectures and studio continue in future sessions as required.

HONG KONG PLANNING PRACTICE Mr. E.G. Pryor, B.A., Dip. T.P., M.N.Z.T.P.I., Mr. A.F. Meyers, A.R.I.C.S., M.T.P.I. *Fridays, 5.45 p.m. to 6.45 p.m., starting 4th October, 1968. Extra-Mural Town Centre. 20 meetings.* *Fee: \$90*

180

Discussion will be centred on relevant Hong Kong planning issues, standards capable of adoption within Hong Kong's limitations of space and finance, the relationship of these practical attitudes to ideal conceptions (where applicable), planning flexibility and general requirements of statutory and departmental planning documents

Term 1 will cover relevant data in connection with rural planning problems and rural detail layout for differing purposes

Term 2 will cover the requirements in connection with new urban areas contiguous with present urban development

It is intended in *Term 3* (October 1969) to cover Urban Renewal or Redevelopment as distinct from new areas

-
- 181 HONG KONG PLANNING STUDIO** *Fridays, 6.00 p.m. to 9.00 p.m., starting 4th October, 1968. The studio will remain open for students until 10.00 p.m. Extra Mural Town Centre. 20 meetings.*
Fee. \$180 Combined fee with Course No. 180. \$250

Tutors:

Mr E G Pryor, B A, Dip T P, M N Z T P I
Mr A F Meyers, A R I C S, M T P I
Mr Donald Laio, B Arch, Dip LD (Dunelm),
Mr Colin Bramwell, Dip Arch (Dunelm), A R I B A.
Mr Jon A Prescott B Arch, M C D, A R I B A, A M T P I

Students will be divided into small groups for the purpose of the practical exercises in relation to the two main subjects of rural and new urban areas outlined under "Hong Kong Planning Practice" Survey data will be presented for analysis and design. Additional time will be required for site reconnaissance and survey checking work. The evolution of differing imaginative solutions will be made under practical guidance and the ideas presented in the form of para official type layouts with written statements and quantitative assessments in support

-
- 182 STUDIO: TESTIMONIES OF STUDY- TOWN PLANNING INSTITUTE** *Tuesdays, 8.00 p.m. to 10.00 p.m., starting 1st October, 1968. Extra-Mural Town Centre. 10 meetings, once weekly. The Studio will continue in Spring 1969.*
Fee: \$50

Tutors:

Mr Chau Chan-son, B Arch, M C D, A M T P I
Mr Brian Hadland, A R I B A, Dip T P (U C L), A M T P I
Mr J D Moir, B A, A M T P I
Mr Jon A Prescott, B Arch, M C D, A R I B A, A M T P I.

The examinations of the Town Planning Institute as presently constituted provide for Testimonies of Study and Drawn Analysis and Design papers to be submitted. The studio sessions will be organised as required by registered students to discuss the personal studies which are being prepared for Intermediate and Final examinations and to give guidance in the execution of the work.

During the sessions basic principles of communication of ideas by maps and diagrams will be discussed and guidance given in presentation and draughting techniques, emphasis being laid on Town Planning Institute requirements. Where possible two Tutors will be present on anyone evening.

-
- 183 PLANNING THEORY** Jon A. Prescott, B. Arch., M.C.D., A.R.I.B.A., A.M.T.P.I. Visiting tutors will be arranged from time to time. *Thursdays, 8.00 p.m. to 9.00 p.m., starting 7th November, 1968. Extra-Mural Town Centre. 10 meetings.*
Fee: \$50

These meetings should be of direct interest to those taking the Town Planning Institute (London) examinations.

Physical planning problems of contemporary society will be discussed using a mixture of lecturing and seminar technique. These meetings are intended for persons wishing for a deeper knowledge of present theories of the organisation of settlement. For example centripetal, linear and grid structures will be discussed as well as neighbourhood design, Christaller and central place theory, settlement hierarchy and the emergence of metropolitan phenomena and the idea of the city region. The outline of historical reasoning as expressed in British planning theory will be used as a background for the discussion of the Planning Advisory Group report and planning for growth and change in an evolving situation which is the hallmark of recent ideas

The Traffic Engineering Course is designed to give the fundamentals of traffic engineering and instruction ranges from consideration of vehicle operating characteristics, geometric design of roadways and intersection design (Hong Kong practice), traffic signals, control devices and aids, grade separation, parking and the problems of long range urban traffic planning and the use of the computer. The course is planned particularly for officers of the Public Works Department.

COURSES FOR REGISTERED STUDENTS OF THE TOWN PLANNING INSTITUTE

Coverage of parts of the Syllabus for the written examinations of the Town Planning Institute will be made from time to time as required by the registered student members. *Please contact the Staff Tutor in Planning for details.*

CONFERENCE ON CONSERVATION AND DEVELOPMENT OF THE COUNTRYSIDE

The date of this Conference, which was advertised in our last brochure has now been established as 15th to 22nd MARCH 1969.

The Conference will be sponsored by the University of Hong Kong and invitations to give Papers and to participate have been issued to various internationally and locally known persons. A very full programme of meetings to discuss prepared Papers has been arranged. The emphasis of the Conference will be on consideration of the impact of Urban growth on the Rural areas in view of the former's explosive space requirements. The increasing mobility of urban populations, their sheer numbers and recreational needs, and the requirements of modern industry, services and communications as well as an earnest consideration of the principles of true Conservation and the urban impact on the plant and animal life- and even topography will be discussed.

One aim, will be to make the various contending interests aware of the overall problems of co-users of rural land and to generally inform the public of the significance of the countryside to future living standards.

Hong Kong will be seen as a casebook in the context of south east Asian and world problems, as a summary of the problem, in a world where compromise between spatial and other needs of the human being and his effect on his surroundings scream for attention every day.

The programme, further information and registration forms are available from the Conference Secretary, Conference on Conservation and Development of the Countryside, University of Hong Kong.

SPECIAL TRAINING COURSES

The department welcomes enquiries and requests from business organizations, government, voluntary bodies or private institutions for specially designed training courses, whether pre-service, in-service or up-grading, to meet their specific training needs.
