

THE BASIC LAW

A Bibliography of the Hong Kong Transition

While this list of books, monographs, and articles cannot claim to be comprehensive, it is hoped that the major post-1979 secondary sources for study of the politics and law of the transition have been included. Materials dealing solely with human rights are omitted. Compiled by Peter Wesley-Smith, with thanks to Johannes Chan, Roda Mushkat, and the editors of the *Vanderbilt Journal of Transnational Law*.
