Knowledge Exchange:
The HKU Scholars Hub
David Palmer, HKU

Open Access @ HKU

- 2005: Institutional Repository,
  - "The HKU Scholars Hub
  - Why? ➔ Open Access
- 2007: Soros Foundation sponsored,
  - Promoting 21st Century Scholarly Communication
- 2007: The Hong Kong Open Access Committee
  - http://openaccess.hk/
- 2009: HKU Vice-Chancellor signs Berlin Declaration
- Engagement with the faculty,
  - Seminars, email, encouragement, begging, pleading

Results in 2009

- June 2009: 25,000+ items OA fulltext, including
  - 17,012 theses
  - 4,125 journal articles
  - 2,165 conference papers

- We can do better!
  - Scopus receives 3,000 articles/yr from HKU
  - The Hub only getting 10%?

Then, a miracle!

Knowledge Transfer

KNOWLEDGE TRANSFER (KT)

- Universities
  - Moreover Universities have been deemed to be "the great, largely unknown, and certainly underexploited, resource contributing to the creation of wealth and economic competitiveness."-- "University and the creation of wealth". Holland. 1999.

- Precedents: OECD, Research Councils UK (RCUK), Canadian Institutes of Health Research (CHIR), The University of Melbourne, etc.
  - Third Mission, and various

- 2009. HK University Grants Committee (UGC)
  - HK$50M / year to 8 institutions
    - "the systems and processes by which knowledge including technology, know-how, expertise and skills are transferred between higher education institutions and society, leading to innovative, profitable or economic or social improvements"

HKU's interpretation of KT is Knowledge Exchange (KE),

Emphasizing a two way exchange between HKU and its community

UGC's KT ➔ HKU's KE

- HKU Mission & Vision Statements
  - a) Research, b) Teaching & Learning, and c) KE
- HKU: Strategic Development 2009 ~ 2014
  - "We will continue to inculcate in our academic staff members a culture of knowledge **sharing with the public**. "They will be encouraged to **share** their intellectual knowledge through public and inaugural lectures, media interviews, **publications…"**
  - Operational Priority: "… **setting up a database to record** knowledge exchange activities in the University and improving communication within and outside the University, we will facilitate dissemination of information and serve as **an exchange hub."**

1ST ROUND OF KE FUNDING

- HKU Libraries: 3 KE Proposals Succeeded!
  - 1) HKU Bibliometric Data Correction
    - Scopus, Web of Knowledge (WoK), & Google Scholar
  - 2) Springer Open Choice Publishing
    - Sep 2010: 70 HKU OA articles on SpringerLink & The Hub

Springer Open Choice @ University of Hong Kong

Faculty and students affiliated with HKU are now encouraged to use the Open Choice option to publish their articles. The published articles can be accessed immediately by anyone anywhere.

About the agreement

In March of 2010, HKU Libraries and Springer reached an agreement which allows researchers at the affiliated institutions of HKU to publish their research in Springer journals using Springer Open Choice. Springer's Open Choice program offers full and immediate open access (free to the reader) for articles that are accepted for publication after a process of rigorous peer-review. Accepted HKU articles will appear as usual in Springer print journals, and will be published electronically using open access on SpringerLink and the HKU institutional repository, The HKU Scholars Hub. The pilot project will run from March 2010 to March 2011.

Open access made easy

Most Springer journals are hybrid journals allowing this Open Choice option. A list of these journals can be found here (please login with your HKU Portal ID):

List of Open Choice enabled journals at The HKU Scholars Hub

You will be offered the open choice option once your article has been accepted for publication after peer review. The cost of having your article published with open access is covered by the agreement between HKU and Springer.

Authors' Benefits

- Publish open access in renowned journals
- Your article is available for free to everyone everywhere
- The research cycle, "research - publish - research" is much faster
- Prompt delivery to HKU Scholars Hub and PubMed Central
- No copyright transfer needed

Springer Open Choice

Learn more about the advantages of publishing your articles with open access in Springer's well-established journals

KE Exchange Hub

- Before,
  - Item centric, records on publication items

- Now,
  - Records on other objects also, interlinking
    - 25,000 Grants
    - 1,500 HKU ResearcherPages (RP)
      - Authority Control
      - Allow editing by RP owner, with HKU Single Sign-on
    - Harvested from several separate silos, HKU & beyond

Our development partner:

CILEA, Consorzio Interuniversitario

Professor Peiris, Joseph Sriyal Malik R
裴偉士

- **Chair Professor**
- **Tam Wah-Ching Professor in Medical Science**
- **Scientific Director of HKU Pasteur Research Centre**

Research Interests:

- Understanding the ecology, epidemiology, pathogenesis and control of animal and human influenza viruses
- Emerging virus disease at the animal-human interface including influenza, coronaviruses, and (in the past) arboviruses
- Pathogenesis
- Virus-tropism
- Innate immune responses to virus infections and clinical disease burden of influenza and other respiratory viruses
- Control of Pandemic and Inter-pandemic Influenza
- He played a key role in the discovery that a novel coronavirus was the cause of SARS

Publications on your page can have one of three categories:
1. Active, will display normally,
2. Hidden, will not display on your ResearcherPage, but will still be searchable in The Hub,
3. and Selected, will appear in the "Selected Publications" box.
This page opens showing the Active category, highlighted in gold.
You could click on the other categories to show publications in those categories.
For any particular publication, you can change the category by,
1. Change Category: For any publication entry, you may change the category by clicking on the category icon, A, H, S, or U.
2. Filter: You may use the Filter to search through your publications.
Please remember to click "Submit" after making changes.

  - Peer Review

A Win-Win Solution

- Libraries work to increase visibility & reputation
- All benefit
  - The researchers
  - The University
  - The Libraries

  - Measures of OA
  - Measures of KE

KE ALIGNS LIBRARY WITH HKU'S MISSION

- OCLC Report
  - Provide a Researcher-centered view
    - Curate the institution's research output
    - Provide expertise in bibliometrics for RAEs
  - 7 recommendations
    - #3 – Libraries should manage research outputs data at national & international scales
    - #4 – Libraries should take responsibility for the efficient operation of research output repositories across research environments
    - #5 – Libraries should provide expertise in bibliometrics
    - #6 – Libraries should provide usage evidence

- MacColl, J. Research Assessment and the Role of the Library (Report produced by OCLC Research), 2010. Retrieved September 6, 2010, from http://www.oclc.org/research/publications/library/2010/2010-01.pdf.

HKU Colleagues

港大同僚

Thank You

謝謝您

Grazie

спасибо

شكرا لك

감사합니다

धन्यवाद

Σε ευχαριστώ

תודה

有り難うございます
