longer CNVs than the non-syndromic or controls ($p = 1.50 \times 10^{-5}$), non-syndromic patients were enriched in CNV number when compared to controls ($p = 4.00 \times 10^{-6}$) or the syndromic counterpart. Our results suggest a role for NRG3 in HSCR etiology and provide insights into the relative contribution of structural variants in both syndromic and non-syndromic HSCR. This would be the first genome-wide catalog of copy number variants identified in HSCR. © 2012 Tang et al.

Title Gabapentin: A multimodal perioperative drug?

Authors [Kong, VKF](#)¹  [Irwin, MG](#)¹ 

Issue Date 2007

Publisher Oxford University Press. The Journal's web site is located at <http://bj.a.oxfordjournals.org/>

Citation British Journal Of Anaesthesia, 2007, v. 99 n. 6, p. 775-786 [\[How to Cite?\]](#)
DOI: <http://dx.doi.org/10.1093/bja/aem316>

Abstract Gabapentin is a second generation anticonvulsant that is effective in the treatment of chronic neuropathic pain. It was not, until recently, thought to be useful in acute perioperative conditions. However, a growing body of evidence suggests that perioperative administration is efficacious for postoperative analgesia, preoperative anxiety, attenuation of the haemodynamic response to laryngoscopy and intubation, and preventing chronic post-surgical pain, postoperative nausea and vomiting, and delirium. This article reviews the clinical trial data describing the efficacy and safety of gabapentin in the setting of perioperative anaesthetic management. © The Board of Management and Trustees of the British Journal of Anaesthesia 2007. The University of Hong Kong ORCID Record Creation

In October 2013, The University will create ORCID records for HKU faculty that now have a HKU ResearcherPage in The HKU Scholars Hub – usually staff with UGC status of A ~ I, sometimes O. These faculty could choose to opt-out and no ORCID will be created for them. If you already have an ORCID record, please click “Provide Existing ORCID” to allow us to associate your HKU ResearcherPage with your ORCID identifier.

If you prefer to manually create your own ORCID record, you may click on, “Go to ORCID, Manually Create”. After you do so, could you please return to this page, and click on “Provide Existing ORCID”, and input your new ORCID iD there.

Other HKU faculty and students wishing an ORCID record can also go to ORCID and manually create one for themselves.

Please note that publishers have begun asking for ORCID identifiers during the manuscript submission process, and there are several benefits to getting an ORCID iD, which will follow you throughout your scholarly career. For more information visit <http://hub.hku.hk/orcid/about.jsp>.

Collective Intelligence

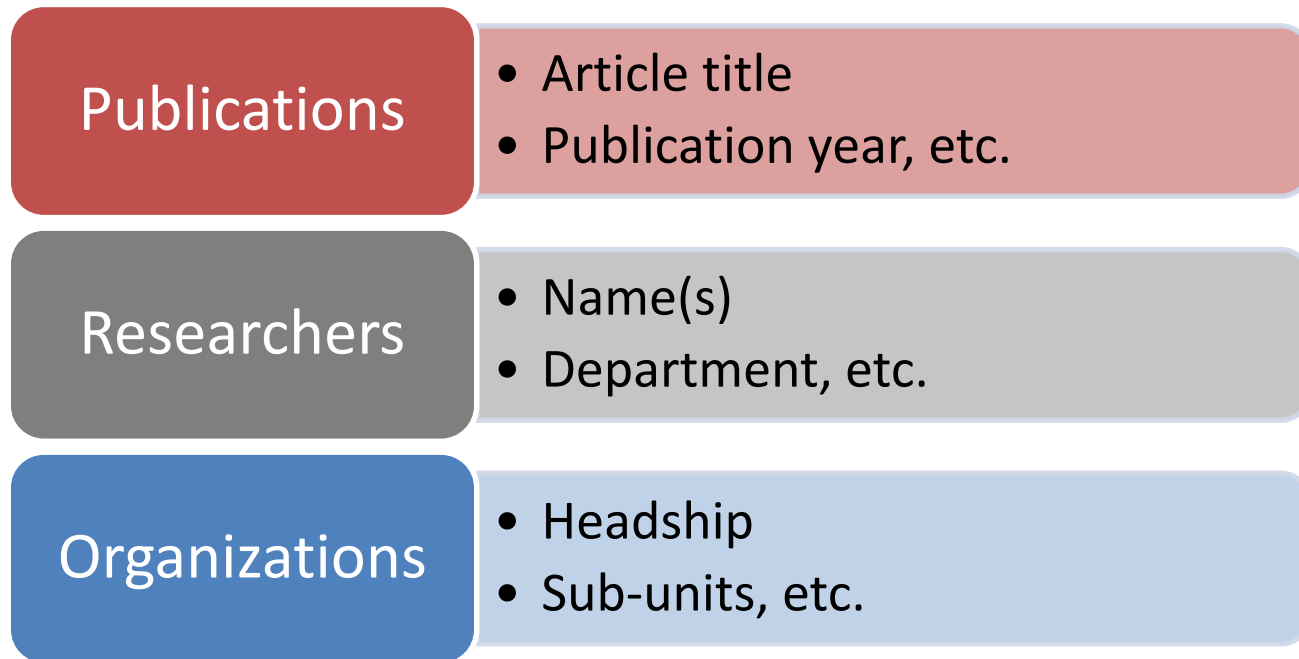

Library Developed & Managed.., Why?

- In support of scholars & university,
 - More to curate than publications
- In the meantime,
 - Decline of print cataloguing
 - Re-purposing & re-training
 - All Hub metadata curated by the Cataloguing Dept
- Future proofing the library,
 - Cyberinfrastructure,
 - E-Science, E-Research
 - Digital Humanities
